2. WHAT THIS PRIVACY POLICY APPLIES TO

- This policy will apply to your use of:
 - the mobile phone application (“**InControl Remote Smartphone App**”) that you have downloaded from the Online Store onto your mobile telephone or handheld device (“**Device**”) which enables you to use the ‘Remote Essentials’ features and, depending on your subscription, the ‘Remote Premium’ features;
 - the My Land Rover InControl website from which you can access your InControl Services account and access certain InControl Services;
 - any of the following “InControl” services (depending on your vehicle model and subscription): (i) the services provided via the InControl Remote Smartphone App and the My Land Rover InControl website; (ii) the “SOS Emergency Call” services; (iii) the “Optimised Land Rover Assistance” services; (iv) “InControl Secure” services; and (v) the “Live” service (“**InControl Services**”);
 - The Infotainment system, including the InControl Touch Pro Features; and
 - other connected vehicle systems.

Please note that this policy does not apply to third party websites which you may access in connection with your use of the InControl Services or otherwise, or to services or features which you sign up to receive directly with a third party – please refer in these cases to the relevant third party’s privacy policy.

This policy sets out the basis on which data, including any personal data we collect from you, or that you provide to us, will be processed by us, following your use of the My Land Rover InControl website, or our vehicles, products and services. Please read it carefully to understand our views and practices regarding data collection and your personal data and how we will treat it.

Please be aware that it is your responsibility to alert all passengers and people you authorise to use your vehicle, the infotainment system and/or the InControl Services about the privacy practices described in this Privacy Policy (including the ways in which we may collect and use data from the vehicle and/or relating to users of the vehicle).

3. THE TYPES OF INFORMATION WE COLLECT

We may collect and process the following data about you and/or your vehicle(s):

- **Submitted Information:** information that you provide by filling in online forms during the setup of your InControl Services account, or during your use of the My Land Rover InControl website and InControl Services, via your use of your vehicle’s infotainment system, information which you may otherwise provide to us directly (for example, when you communicate to us via telephone or email or through one

of the My Land Rover InControl website forms), or that which the authorised Land Rover retailer (from whom you purchased or leased the vehicle) provides or accepts on your behalf when setting up your InControl Services account, or otherwise in connection with, or following up on, any other communication with you. This information will depend on the nature of your actions, but may include your name, address, telephone number (including mobile number), e-mail address, language preference, password and PINs for your InControl Services account, your vehicle infotainment choices and preferences, and information about your preferred authorised Land Rover retailer(s).

- **Additional Information:**

- if you contact us, we may keep a record of that correspondence; and
- details of transactions you carry out through the My Land Rover InControl website.

- **Device Information (including location):** We may collect information about the Device or any computer you may use to access our websites, or download a copy of the InControl Remote Smartphone App onto your Device, including the operating system and version, the InControl Remote Smartphone App installation unique identifier, the Device's locale settings and country code. The InControl Remote Smartphone App may also collect information about the location of your device and tokens and username for identification, but this information will not be transmitted to us. The consents you provide to download the InControl Smartphone App includes consent for use of GPS or location data for app services, including map information. You can restrict the access to, or collection of, your Device's location by disabling the location features of your Device or by not using the features of the device that require location information. Please note, this may have an impact on the InControl Remote Smartphone App services that are available to you. More information on Device data, automated data collection and cookies can be found in our Cookies policy below.

- **Vehicle Identification Information:** information about the vehicle(s) that you have registered to the InControl Services or such other vehicle that is otherwise identified to us (for example, via a retailer) as connected with you, including the Vehicle Identification Number (VIN), the make, model, model year, features, registration number, date of purchase or lease, and the authorised Land Rover retailer from whom you purchased or leased the vehicle.

- **Location Information:** information about the last parked location of the vehicle. We will also collect and process other information about the vehicle at any point in time as part of the "journey tracking" function ("**Journeys**") of the InControl Services. The information that we will collect and process as part of this function is set out in "Journey Information" below. The last parked location of the vehicle will always be tracked and cannot be switched off. You are able to switch off Journeys at any time via the My Land Rover InControl website and the InControl Remote Smartphone App. If, however, the "SOS Emergency Call", the "Optimised Land Rover Assistance" or the "InControl Secure" function is activated, real-time location data relating to the vehicle will be sent to the relevant service provider and/or emergency services (as appropriate) even if you have switched off Journeys. Location Information is also necessary (separate to "Journey Information" functionality), for use of service functionality including: locating your vehicle on a map and getting walking directions back to it, and locating your vehicle in a crowded car

park with the 'beep and flash' functionality. Please note that the "InControl Secure" and the "SOS Emergency Call" functions will be activated automatically upon the occurrence of a relevant trigger event such as your vehicle being towed away with the ignition off or the deployment of your vehicle's airbags respectively. For full details of the relevant trigger events please refer to the vehicle handbook. **Even if you have not activated your InControl Services account, the vehicle may automatically initiate a call to contact emergency services via the limited emergency call function or you may be able to manually initiate a voice call for emergency services via the limited emergency call function. The occurrence of such a call may transmit information, including vehicle location, time, and a vehicle identifier to us and/or our emergency service providers.** By accepting the terms of this policy you consent to the use of the Location Information in this manner. You have the right to withdraw your consent to us associating location data relating to the vehicle with Submitted Information at any time by contacting an authorised Land Rover Retailer but please note that this may mean that you will no longer be able to receive the "SOS Emergency Call", the "Optimised Land Rover Assistance" or the "InControl Secure" services.

- **Journey Information:** information about your journey sent from your vehicle including the journey distance, real-time location, the duration of the journey, the average speed and data about the efficiency of the journey. As referred to above, you can turn off Journeys via the My Land Rover InControl website and the InControl Remote Smartphone App. This will prevent any of the above information from being sent from the vehicle (except for the last parked location). As stated above, if, however, the "SOS Emergency Call", the "Optimised Land Rover Assistance" or the "InControl Secure" function is activated, location data of the vehicle will be sent to the relevant service provider and/or the emergency services (as appropriate) even if you have switched off Journeys.
- **Vehicle Operation Information:** this includes information relating to the vehicle being involved in an accident such as the fact that the airbags have been deployed or the sensors have been activated. We will also collect and process other information about the operation of the vehicle throughout the course of its day-to-day use, including, but not limited to, the fuel amount, the distance to empty status, the odometer value, the distance to service status, the coolant level, the washer fluid level, the brake fluid status, the brake pad wear, the tyre pressure, tyre pressure sensor failure, engine malfunction, the oil level, the door and window status, if seatbelts are buckled or not, and information from any sensors, for example in the car, on the steering wheel, or from camera information, including if the cab is open, boot open, bonnet open status, battery information including voltage, emissions information and whether the alarm is armed or sounding.
- **Log information:** For the purpose of this privacy policy, "log information" refers to the log files listing actions or requests made to our systems in connection with your usage of the infotainment unit, InControl Services, the InControl Remote Smartphone App and InControl websites. We will automatically collect and store information related to "SOS Emergency Call" and "Optimised Land Rover Assistance" calls made from the vehicle (including the date, time duration, content of the call and number of calls made) ("**Call Log Information**"), use made of this data is detailed below. When you access the My Land Rover InControl website, use the infotainment system, or connected features, connect a SIM card, or pair a device, we may automatically collect and store certain information in

server logs, including but not limited to internet protocol (IP) addresses, internet service provider (ISP), clickstream data, browser type and language, viewed and exit pages and date or time stamps (“**Website Log Information**”). We may also collect and store information related to your usage of the InControl Remote Smartphone App services and vehicle status messages sent by your vehicle to the InControl Remote Smartphone App (“**App Log Information**”) and from your use of the vehicle’s Infotainment system, plugged in SIM card or paired device (“**Device Information**”).

- **Security Authentication:** Vehicle identification data and authentication tokens.
- **“Live” information:** feature specific information such as favourites, emails, notes, media, and information you choose to submit to the Live Features you use; content feed usage-related information; user settings such as activation of ‘remember me’ function; security authentication data; localisation information such as time zone, language and country; vehicle make and brand; relevant Log Information.
- **‘Remember me’ function:** Your vehicle has a ‘remember me’ function for certain features of the InControl Package. This function enables you to remain automatically logged in on the vehicle for more convenient access to the features. Please be aware that while this function is active any other person using the vehicle will be able to access any of your stored settings, Live Features and personal details in the vehicle and to use the InControl Services in the vehicle as if they were you. If you do not wish other users to have access, it is your responsibility to ensure the ‘remember me’ function is disabled and to log-out from the relevant features.
- **Marketing data:** We may receive from you direct, or receive from retailers or other third party partners, your contact details, marketing preferences or other information, where there is appropriate notice and in compliance with applicable data protection laws. You have the right to ask us not to use your personal data for marketing purposes. Please see your data protection rights at Section 7 (Your data protection rights) below for further information on these.
- **Public sources of data:** We may use public sources of data, for example, to support functionality or services (e.g. to support authenticate or fraud checks), and/or to maintain the accuracy of the data we hold. For example, we may make checks from time to time with the DVLA to check our vehicle owner information remains up to date.
- **Third party data:** We may receive data from third parties in the ways we explain in Section 4 below.
- **InControl Touch Pro Features and Software Updates:** We may use held data (such as VIN) to record preference choices, to support with our provision of Software Updates, and to deal with queries and any necessary business requirements in connection with provision of Software Updates.

Please be aware, we may associate Submitted Information with the other information detailed above, and where we do so, we will treat the combined information as personal data in accordance with this policy for as long as it is combined.

4. HOW WE USE VEHICLE DATA AND YOUR PERSONAL DATA.

We use vehicle data and personal data to manage and meet service and information requests, to understand service, vehicle and InControl Remote Smartphone App use, for internal research and development purposes, and to make our products and services as effective as possible. ... about Suppliers ...

We use a number of service suppliers to support our business and these service providers may have access to our systems and data in order to provide services to us and on your behalf, for example payment processors, information technology such as hosting or cloud service providers, marketing and digital advertising support services, customer services and relationship handling, service and system specialists, administrative or support services, website analytics support.

... about JAGUAR LAND ROVER Group companies, and how they may provide service support ...

As a member of the Tata Group of companies, we can benefit from the large IT infrastructure and expertise that exists within our wider corporate structure. This means that the personal data you provide to us may be accessed by members of our group of companies only as necessary for service and system maintenance and support, aggregate analytics, business continuity, IT and administrative purposes. For example, where necessary to support particular website enquiries, or to provide technical support that maintains website functionality.

... about Public bodies, law enforcement and regulators ...

From time to time, the police, other law enforcement agencies and regulators can request personal data, for example for the purposes of preventing or detecting crime, or apprehending or prosecuting offenders.

6. INFORMATION ABOUT INTERNATIONAL DATA TRANSFERS.

The data that we collect from you will be stored in the European Economic Area ("EEA") and/or other countries to the extent required for us or our service providers to provide the in-vehicle and InControl Services. It may be processed by personnel operating outside the EEA who work for us or for one of our service providers, including those engaged in the provision of the InControl Services. Where personal data is shared outside of the EEA, we apply safeguards to add to the data protections that apply to those data transfers. This includes an assessment of the adequacy of the third country in question, use of European Commission approved model contract terms where appropriate, and assessment of Privacy Shield certification for US located entities where applicable.

TELL ME MORE ...

... about the adequacy checks JAGUAR LAND ROVER puts in place for international data transfers ...

Where JAGUAR LAND ROVER chooses to share personal data with a third party located outside the EU, the following factors are assessed to support adequate transfer of this data:

- **Internal checks to identify the existence or absence of any adequacy decision by the European Commission.** We have group companies, and use suppliers located in countries that have been approved by the European Commission as having essentially equivalent data protection laws. A full list of these countries as at the date of this Privacy Policy is: Andorra, Argentina, Canada, Faroe Islands, Guernsey, Israel, Switzerland, Jersey, New Zealand, Uruguay and the Isle of Man. (The European Commission has also approved as adequate the EU-US Privacy Shield programme – this is described below). This list and information about the protections the European Commission has considered is available here: https://ec.europa.eu/info/law/law-topic/data-protection/data-transfers-outside-eu/adequacy-protection-personal-data-non-eu-countries_en.
- **Use of measures like European Commission approved measures to support adequate transfers of personal data.** We also have group companies, and use suppliers located in countries that are elsewhere in the world. To manage data protection compliance with these transfers, we will use European Commission approved data transfer mechanisms such as use of model contractual clauses approved by the Commission. We will also assess, where applicable, where a supplier is able to demonstrate to us they have Binding Corporate Rules. (Binding Corporate Rules is a GDPR – recognised Data Protection mechanism to ensure adequate personal data transfers). We may work with suppliers who are able to demonstrate to us they are Privacy Shield certified.
 - To understand the protections required in European Commission approved Model Clauses, a template copy of these is available here: https://ec.europa.eu/info/law/law-topic/data-protection/data-transfers-outside-eu/model-contracts-transfer-personal-data-third-countries_en.

7. HOW LONG WE HOLD PERSONAL DATA FOR.

We'll keep your personal data for as long as we need it to provide the products and services you've signed up to. We may also keep it to comply with our legal obligations, meet service or contract commitments, respond to queries and resolve any disputes, to meet our legitimate interests and to enforce our rights.

The criteria we use to determine storage periods include the following: contractual provisions that are in force, legal statutory limitation periods, applicable regulatory requirements and industry standards.

8. KEEPING YOUR INFORMATION SECURE

We will take all steps reasonably necessary to ensure that your data is treated securely and in accordance with this privacy policy.

We require all of our service providers to have appropriate measures in place to maintain the security of your information and such service providers will only be able to access and use your information for the purpose of providing the agreed services.

Where we have given you (or where you have chosen) a password that enables you to access the My Land Rover InControl website, you are responsible for keeping this password confidential. We ask you not to share your password with anyone.

Unfortunately, the transmission of information via the internet is not completely secure. Although we will do our best to protect your personal data, we cannot guarantee the security of your data transmitted over the internet; any transmission is at your own risk. Your information will be kept in a secure environment protected by a combination of physical and technical measures such as encryption technologies or authentication systems to prevent any loss, misuse, alteration, disclosure, destruction, theft or unauthorised access.

9. YOUR DATA PROTECTION RIGHTS.

You have rights in connection with your personal data, including: to withdraw consent where you have given it, to be informed and have access to your personal data, to correct or complete inaccurate data, and in certain circumstances to restrict, request erasure, object to processing, or request portability of your personal data to another organisation.

You may at any time update your personal data held by us via the My Land Rover InControl website or Remote Smartphone App.

We try to ensure that we deliver the best levels of customer service. If you do need or want to get in touch with us for any reason regarding your data protection rights, please get in touch using either of the email addresses below, and add into the subject header that it relates to your data protection rights. ... about my data subject rights ...

If you have given us consent to process your personal data, including for electronic marketing communications, you have the right to withdraw that consent at any time. Just use the unsubscribe options presented, for example, these are present in the email marketing communications sent by us.

- You can ask for access to the personal data we hold about you, object to the processing, request that we correct any mistakes, restrict or stop processing or delete it. If you do ask us to delete or stop processing it, we will not always be required to do so. If this is the case, we will explain why.
- In certain circumstances you can ask us to provide you with your personal data in a usable electronic format and transmit it to a third party (right to data portability). This right only applies in certain circumstances. Where it does not apply, we will explain why.

10. CHANGES TO THIS POLICY

Updates to this Privacy Policy will be displayed here: <https://incontrol.landrover.com/jlr-portal-owner-web/about/privacy-policy/>. A notice will be posted on the My Land Rover InControl website along with the updated Privacy Policy.

11. LINKS TO OTHER WEBSITES

The My Land Rover InControl website may contain links to other websites run by other organisations which we do not control. This Privacy Policy does not apply to those other websites, so we encourage you to read their privacy statements. We are not responsible for the privacy policies and practices of other websites and apps (even if you access them using links that we provide). We provide links to those websites solely for your information and convenience. We specifically disclaim responsibility for their content, privacy practices and terms of use, and we make no endorsements, representations or promises about their accuracy, content or thoroughness.

INCONTROL COOKIES POLICY

My Land Rover InControl website

The My Land Rover InControl website and the InControl webpages use cookies to distinguish you from other users of the My Land Rover InControl website. This helps us to provide you with a good experience when you use the InControl Services and also allows us to improve the InControl Services.

A cookie is a text-only string of information that a website transfers to the cookie file of the browser on your computer's hard disk so that the website can remember who you are. Cookies can help a website to arrange content to match your preferred interests more quickly - most major websites use cookies. Cookies alone cannot be used to identify you. A cookie will typically contain the name of the domain from which the cookie has come; the "lifetime" of the cookie; and a value, usually a randomly generated unique number.

Two types of cookies are used on the My Land Rover InControl website.

- **Session Cookies**, which are temporary cookies that remain in the cookie file of your browser until you leave the site; and
- **Persistent Cookies**, which remain in the cookie file of your browser for much longer (though how long will depend on the lifetime of the specific cookie).

Session Cookies are used:

- To allow you to carry information across pages of our site and avoid having to re-enter information; and
- Within registration to allow you to access stored information.

Persistent Cookies are used:

- To help us recognise you as a unique visitor (using a number, you cannot be identified personally) when you return to our website;
- To allow us to tailor content or advertisements to match your preferred interests or to avoid showing you the same adverts repeatedly;and
- To compile anonymous, aggregated statistics that allow us to understand how users use our site and to help us improve the structure of our website. We cannot identify you personally in this way.

You have the ability to accept or decline cookies by modifying the settings in your browser. However, you may not be able to use all the interactive features of the service if cookies are disabled.

Below is a list of the main cookies we use, and what we use them for.

Cookie name	Cookie type	Cookie purpose
JSESSIONID	Session	Within a session of your use of the website, this cookie temporarily stores information you have entered to allow some features of the website to work as you move between pages.
cookieInfoShown	Persistent	This cookie stores information regarding the presentation of the cookie policy notice to you.

jlr-remember-me	Persistent	This cookie is only used if you have chosen to have the portal remember you at log in. It stores a token for your identification.
jlr-remember-me-login-name	Persistent	This cookie is only used if you have chosen to have the portal remember you at log in. It stores your username for identification.
jlr-selected-locale	Persistent	This cookie stores what language you prefer to view the portal in.
Google Analytics	Persistent	We use Google Analytics to compile anonymous, aggregated statistics that allow us to understand how users use our website and to help us improve the structure of our website. This data does not identify you personally. Please see www.google.com/policies/privacy/partners and https://tools.google.com/dlpage/gaoptout for further information.

You may delete and block all cookies from the My Land Rover InControl website by activating the setting on your browser that allows you to refuse the setting of all or some cookies. If you use your browser settings to block cookies you may find that some elements of our website may not work correctly.

InControl Remote Smartphone App

We use analytics tools, including Google Analytics, on the InControl Remote Smartphone App. These are used to compile anonymous, aggregated statistics that allow us to understand how our customers use the InControl Remote Smartphone App and to help us improve it. This data does not identify you personally. Please see www.google.com/policies/privacy/partners for further information.

You may choose to disable Google Analytics on the InControl Remote Smartphone App via your account settings.
